I vividly remember the meeting, at the CCH, the Congressman and I had two weeks after the election ; and now understand why the Congressman had so many questions about Interior. He will make an outstanding Secretary.

It was a great meeting. And visiting with you when arrived and stayed after the Congressman left was wonderful.

I need your help, if possible.

First, a member of USOG would like a short meeting with the Secretary to discuss O&G regulation and the domestic and international state of affairs of oil and natural gas production. My Member is Chevron, and I am writing on behalf of John Watson, Chevron Chairman and Chief Executive Officer, and Jeff Shellebarger, President of Chevron North American Exploration and Production Company.

Mr. Watson and Mr. Shellebarger would welcome an opportunity to discuss regulatory reform and share Chevron's perspective on global oil and gas developments.

They will be in Washington on Tuesday, March 21, 2017.

Mr. Watson and Mr. Shellebarger are two of the most knowledgeable straight shooters in the industry. Secretary Zinke would enjoy getting to know them and soaking up their knowledge and background. I know that they would be helpful in discussing the Secretary's agenda for Interior.

Whatever else you need from me to help make this happen, just ask.

Let me know.

Thanks Scott, I appreciate that there are a lot of demands on the Secretary's time and you know I wouldn't ask unless I knew it would be helpful to the Secretary.
